IN THE SUMMER?

Community Board of Trade Formed

A meeting of great importance to the whole district as well as the town was held in the visitors room at the Curling rink on Tuesday night to discuss the advisability of forming some organization to look after matters affecting the town and district.

The meeting was held at the call of Mayor Chambers and was very largely attended, over fifty business men and others being present.

The Mayor stated his reasons for calling the meeting, bringing several matters that needed immediate attention before it, and stating that he thought it time that a Board of Trade or some other organization should again be formed. These matters were outside the duties of the town council and could only be looked after by some other organization. He called upon the meeting to appoint a chairman and secretary, pro tem, to conduct the meeting.

On motion Mayor Chambers was elected chairman and H. E. Osmond, Secretary pro tem.

The meeting then got down to business and the first discussion took place on the name to be given such organization. The name Board of Trade was suggested but objection was taken to the old name by H. E. Osmond who suggested that as all matters affecting the welfare of the farmers as well as business men in town were to be taken up and that a get-together spirit should be shown he suggested the name that is being used a great deal these days of the "Didsbury Community Club." The matter was discussed and finally on motion of Messrs. A. C. Fisher and J. Boorman the name "Didsbury Community Board of Trade" was adopted.

The election of permanent officers then took place and resulted as follows:

President--C. Adshead, proposed by Messrs. Scruton and Boorman and elected.

Vice-President, Norman Clarke, proposed by Dr. Evans and J. Boorman and elected.

Secretary-Treasurer, A. C. Fisher, proposed by H. Mobbs and J. Boorman and elected.

The following were elected a committee to act with the above officers to solicit membership and when the drive is completed the executive committee will be elected: Messrs. A. Brusco, J. R. Miller, A. G. Studer, W. G. Liesemer, Dr. W. G. Evans, J. Phillipson, J. McGhee and Mayor Chambers.

The fee for membership was then set at \$2.00 per year and membership will be solicited from every person whose interest lies in the district.

The meeting place will be in the basement of the public school, if permission is granted by the authorities, and the next meeting will be held at the call of the President.

Join The Wheat Pool

The big Wheat Pool drive is now on and by all reports it is meeting with much success even though it has only just started.

The drive will continue until the end of March and those who are not already members of this organization will have another chance to join up in the biggest and best move made yet to secure for the farmer the highest possible price for his wheat.

All those who withdrew from the pool last fall can apply again now as a large number of them are doing.

The membership of the pool at the beginning of this drive was more than 26,000 and it is stated by Mr. German that approximately 40,000,000 of the 1923 crop will be handled by the pool.

The U. F. A. locals are handling this drive and those who are contemplating the advisability of participating in the benefits to be derived from handling wheat in this manner should see at once that their contracts are made out so that their support will still further strengthen this organization and make it work.

Reports are that the drive is meeting with great success.

"A house divided against itself cannot stand." "In unity there is strength." Join up.

Bonspiel Completed

The Didsbury bonspiel was played to a finish on Saturday night, the ice holding well for a finish. The only games to be played now are the ones in the down town offices, some of them are real good too but there are no prizes for them. From now on it is the intention to play for the buttons every night and there will be some more Mitchell Cup games if ice holds. Some pick up games are also rumored which bid fair to be interesting.

The prize winners in the bonspiel are given below.

Grain Exchange Event

First, J. E. Hugot, 1 ton coal each, also 24lb. sacks U. G. G. flour; Second, T. Thompson, 4 gold watch chains; Third, F. Kaufmann, 4 bone handled knives and 4 auto pliers; Fourth, G. Jullen, 4 Aluminum frying pans.

Merchants Event, with Cup

First, J. R. Miller, 2 hams and 2 Premium hams; Second, D. Sinclair, 4 pearl handled knives; Third, T. Thompson, 4 pair silk and wool hose, also 4 No. 10 Wheatlets; Fourth, McGhee, 4 pair gold cuff links, also 4 spark plugs.

Consolation, with Cup

First, Freeman, 2 silver berry spoons, silver tray and cabinet clock; Second, Studer, 4 birthday cakes and 4 pieces of fancy china; Third, Dr. Clarke, 4 4lb. lots of Crystal Dairy butter and 4 bottles of grape juice; Fourth, C. F. Dooley, 4 24lb. sacks Purity flour.

Consolation to the Consolation

First, J. V. Berscht, 4 hair cut and four shaves; Second, J. M. Reed, 4 dozen lemons; Third, A. Brusco, 8 tins King Edward tobacco; Fourth, A. E. Ryan, 4 1/2 gallons of milk and 4 tins King Edward tobacco.

T. Thompson's rink, of Chambers third, Durrer and Rev. Bender won the Grand Aggregate and besides the above prizes four group photos by Mr. Scruton and four boxes of chocolates.

To Preach Farewell

Residents of the town and district will be sorry to learn that Rev. Mr. Gugin of the M. B. C. church is leaving shortly for South Dakota on account of poor health. Mr. Gugin will preach his farewell sermon in the M. B. C. church on Sunday afternoon at 3 o'clock and no doubt a large congregation will be present.

NEW SPRING SUIT

MADE TO YOUR ORDER

Styles conservative or extreme for Adult or young men—for the regular or stout.

To the man who buys carefully and critically it's a pleasure to sell good clothes.

Some men buy their clothes by their looks, a pretty pattern and a good style. Would they buy a house that way—never. First—do they like the looks? Yes. Then who designed it, how is it built, then what is it built of?

The men's clothes are here in models to fit all and there are plenty of patterns to satisfy your taste at the following prices:

\$35.00—Suit and extra trousers.

\$40.00—Suit and extra trousers.

\$27.00—Suit only

Our stock suits for Spring are now here, prices from \$20.00 to \$35.00, navy serge suit \$25.00

Right now is a good time to investigate.

Mirror Of 55 B.C. Found

Relic Unearthed in England Dates
From Roman Invasion

Found at Desborough, Northamptonshire, a bronze hand mirror, used probably by a Celtic woman of fashion who lived in the Midlands about the time of Caesar's invasion of Britain (55 B.C.) has been presented to the British Museum. The chasing on the back of the mirror is done by hand and bears curious similarity to eastern workmanship.

COULDN'T SLEEP HEART WAS BAD NERVES A WRECK

Mr. H. A. Reid, Upper Musquodoboit, N.S., writes:—"I am very thankful for the benefit I have received by using Milburn's Heart and Nerve Pills.

When I came home from overseas, in 1920, my heart was very badly affected by concussion, and my nerves were a dreadful wreck. I was very short winded, and could not possibly sleep at night, in fact, I was in such a condition I felt as if I did not wish anyone to speak to me. I thought I would try Milburn's Heart and Nerve Pills, and before I had taken two boxes I could enjoy a good night's rest as well as anyone.

There are lots of returned men who are suffering the same as I did, and I feel sure if they would only try Milburn's Heart and Nerve Pills they will receive the same relief that I have."

Price 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Airplane Service to India

Great Britain may soon start an airplane service direct to India, acquiring only 100 hours for the trip from London, said Maj. Gen. Brackner, director of civil aviation of the British air ministry, before leaving for home after a holiday in this country. Gen. Brackner expressed confidence in the success of the British project.

Girls! A Gleamy Mass Of Beautiful Hair

35-Cent "Danderine" So Improves
Lifeless, Neglected Hair

An abundance of luxuriant hair full of gloss, gleams and life shortly follows a genuine toning up of neglected scalps with dependable "Danderine."

Falling hair, itching scalp and the dandruff is corrected immediately. Thin, dry, wispy or fading hair is quickly invigorated, taking on new strength, color and youthful beauty. "Danderine" is delightful on the hair; a refreshing, stimulating tonic—not sticky or greasy! Any drug store.

Only one in ten are said to know how to read a newspaper. The other nine know how to run it.

Where there's a will there's a way to make a way with a will.

CHILDREN CRY FOR "CASTORIA"

A Harmless Substitute for Castor Oil, Paregoric, Drops
and Soothing Syrups — No Narcotics!

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of food; giving natural sleep without opiates. The genuine bears signature of

A Fallen Planet?

Hill in Arizona May Have Been
Caused by Gigantic Meteorite

Astronomers have long known that between the orbits of Mars and Jupiter a large number of tiny planetary bodies revolve round the sun. Some of these have a circumference of but a few miles.

In addition, there are countless billions of what might be called meteoric stone hurtling round the sun. These are constantly entering the earth's atmosphere and being burnt up by the friction much more completely than the moth that flies into the candle flame.

Has any one of the small planets ever entered our atmosphere and landed on the earth without being entirely consumed? If it ever did, it was long ages before man appeared upon the earth, for the impact of such an outsider would cause an earthquake indeed.

However, in Arizona there is a curious eminence called Coon Butte which rises about 150 ft. above the plain. At the top is a depression or crater 4,000 ft. wide and about 150 ft. deep. Scattered far and wide around this hill are fragments resembling meteoric iron which contain curious ly-shaped boulders.

It is suggested that this hill was formed by the impact of a gigantic body from the outside, and mining operations are to be started with a view to discovering whether the theory has any foundation in fact.

End Stomach Misery, Gas Or Indigestion

"Pape's Diapepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness, or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages of Pape's Diapepsin.

Will Lend Assistance

Canadian Navy and Air Force Will Aid
British Air Racers

Canada will be host to the British airmen who will attempt a round-the-world flight this year, for nearly half their journey.

The Royal Canadian navy and the Canadian air force will second the efforts of the British airmen to circumnavigate the world by air. Between them they will lend a hand from St. John's, Newfoundland, to Yokohama, a distance of 170 degrees longitude, or nearly half-way around the world. The navy will send a boat from Northern British Columbia to assist in the laying of "dumps" along the Aleutians down the Siberian coast to Japan. The air force, through its various branches, will give every sort of assistance throughout the land flight in Canada. Incidentally, this will be the first time that Canada has been crossed by air at one continuous flight.

Will Carry Parachutes

Aeroplanes Conveying Passengers in
France Must Afford This
Protection

Since January the first all-French aeroplanes carrying passengers have been obliged to carry parachutes. This fact was made public at a conference of members of the French aerial syndicate.

Regarding the value of the parachute, a conclusive experiment was recently carried out by a French woman, Mile. Collin. Last month, while travelling in an aeroplane at 90 miles an hour, she dropped off the aeroplane with a parachute, which unfolded itself in a normal manner.

Scientists had stated that such a feat was impossible. Mile. Collin's exploit has fully proved the utility of parachutes in aeroplane flights, particularly when planes are in danger of crashing down with their passengers.

ST. VITUS DANCE

Shows Through a Twitching of the
Muscles of Face and Limbs

Chorea, or as it is more generally known, St. Vitus dance, is a trouble that usually attacks young children, though older people may be afflicted with it. Its most common symptoms are a twitching of the muscles of the face and limbs.

As the disease progresses the twitching takes the form of spasms in which the jerking motion may be confined to the head, or all the limbs may be affected. Frequently the patient is unable to hold anything in the hands or to walk steadily. In severe cases the speech is often affected. The disease is due to debility of the nerves and relief comes through an enriched blood supply, which feeds and strengthens the nerves.

Dr. Williams' Pink Pills have been most successful in reaching this trouble through their specific action on the blood, which it enriches and purifies. The following instance will show what Dr. Williams' Pink Pills can do in this trouble. Mrs. S. E. Makins, Parry Harbor, Ont., says:—"As a young girl I was badly stricken with St. Vitus dance. My parents tried several medicines but without avail. I was steadily growing worse and could scarcely walk without falling. I had to quit school and had no control of my nerves or actions. Finally a neighbor advised the use of Dr. Williams' Pink Pills, and the use of these for a couple of months restored me, and I have had no attack of the trouble since. I have, however, taken the pills at different times since, when I felt out of sorts, and find them all you claim for them if given a fair trial."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box from the Dr. Williams' Medicine Co., Brockville, Ontario.

686 Put to Death

Death sentences carried out in Russia in 1923 numbered 686 as compared with 813 in the previous year, according to the annual report of the supreme court. Forty-three per cent. of the death sentences imposed were commuted to imprisonment, as compared with 31 per cent. in 1922.

Mother! Give Sick Child "California Fig Syrup"

Harmless Laxative for a Bilious,
Constipated Baby or Child

Constipated, bilious, feverish, or sick, colic babies and children love to take genuine "California Fig Syrup." No other laxative regulates it so sweetly, the bowels so nicely, the tender little stomach and starts the liver and bowels acting without griping. Contains no narcotics or soothing drugs. Say "California" to your druggist and avoid counterfeits! Insist upon genuine "California Fig Syrup" which contains directions.

It's painful to see a woman laugh when she doesn't want to but thinks she ought to.

There may be other corn removers, but you will not be completely satisfied until you have used Holloway's Corn Remover.

Influence of Tobacco

Every woman desiring a happy married life has realized that tobacco is a helpful influence in the home. Smoking is a very soothing occupation for a man—makes the home a sweet home and prevents family jars.

When a girl says she is never going to get married she means it about as much as the man who says he has more money than he knows what to do with.

Ask for Minard's and take no other

Lower Taxation Campaign Progressing

Public Opinion is Rallying to the
Dominion-Wide Demand For
Curtailment of Government
Expenditure

The movement for lower taxation which originated at Regina early in February has already reached Dominion-wide proportions. As a result of the success which was achieved at Regina, Vancouver has started a similar campaign in British Columbia. Toronto is doing likewise in Ontario, and Montreal is following suit in Quebec. Newspapers have supported the idea all over Canada, public speakers have seized upon it as one of the necessities of the day, and even Ottawa has been awakened up.

Despatches are leaving the capital daily which show that the Dominion Government is beginning to take note of public opinion and promises are being made that expenditures are being reduced and unnecessary or over-manned departments cut down. But promises will not satisfy public opinion and the "Lower Taxation Campaign" will continue to gather strength until all governments live up to their promises and show conclusively that government costs have been cut to the bone.

There is an impression abroad that the National Economy Campaign will adversely effect retail business. Such an impression is incorrect and must be based on inaccurate knowledge. The controlling thought behind the movement to secure a prompt and decisive reduction in government expenditure is summed up in the expression "Lower Taxation means Better Business." Before we can get lower taxation we must convince our governments that public opinion is overwhelmingly opposed to the tremendous increase in the ordinary costs of government which has been going on for the past five years.

How can we secure relief? By making it plain to members of parliament and legislatures and municipal councils that we will back them to the limit in any effort they make to reduce government expenditures. The average man in public life is a shrewd person. He knows that if we want reduced taxation and he does not try to get it for us, that at the next election he will be an "also ran."

Every taxpayer owes it to himself to drive this Lower Taxation Campaign to a successful finish. He can help to do this if he will just sit down and write a short personal letter to every public man serving his district, whether he be a member of parliament, a member of the legislature, or a member of the municipal council. Don't leave it to George—do it yourself.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Electric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

Bring East and West Closer Together

Sir Charles Fitzpatrick Stresses Need
Of Cementing Canadian
Interests

Addressing the Rotary Club at Montreal, Sir Charles Fitzpatrick, former chief justice of Canada, and former lieutenant-governor of Quebec, laid stress on the need for improving facilities for the conversion into wealth of the vast products of the prairie provinces and of doing all that was possible to bring Eastern and Western Canada closer together.

He recommended, as policies to this end, the preservation of the St. Lawrence waterways as Canadian; encouragement of the efforts of British Columbia in developing the port of Vancouver as a grain exporting harbor; and the elimination of views in the west of Canada that looked north and south, rather than east and west.

Freedom from Asthma. Asthma is one of the most distressing troubles, sudden in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

An ordinary brick will absorb 16 ounces of water.

Keep Minard's Liniment in the house

WHEN YOUR THROAT IS SORE

It may be only a slight cold now—just a tickling in the throat.

But little coils soon grow large and dangerous. Often they become chronic, develop catarrh and end in consumption.

Catarrhozone is the remedy. It draws inflammation and soreness out of the throat. Relieves the cough, cuts out the phlegm, makes breathing easy, kills any germs lodged in the mucous lining of the throat or lungs.

By using CATARRHOZONE INHALE now and again you keep the passages free from germs, and thereby prevent coughs and colds. Get the Dollar outfit, it lasts two months; small size, 50c; sold by druggists. Refuse a substitute for Catarrhozone. By mail from The Catarrhozone Co., Montreal.

Mighty Wireless Masts

Wireless Station in Bavaria Makes
Use of Mountain Peaks

In Upper Bavaria a wireless station is using mountain peaks for masts. The wires are supported by a strong cable and extend from one peak 5,100 feet high, a distance of about a mile and a half across country to the top of a smaller hill of some 2,820 feet elevation. The station is designed to communicate directly with the Far East. Special arrangements were necessary for the fixing of the cable ends and to allow for its stretching. The end of the cable is fastened to a small carriage weighted with stones and running on rails. When the cable is bent by snow or wind the carriage is pulled forward. When the stress ceases it rolls backward on its sloping railroad.

Thick Lustrous Hair Kept So By Cuticura

At night touch spots of dandruff and itching with Cuticura Ointment. Next morning shampoo with a suds of Cuticura Soap and hot water. Rinse with tepid water. Keep your scalp clean and healthy and your hair will be luxuriant.

See 25c. Ointment 25c and 10c. Talum 25c. Sold throughout the Dominion. Canadian Depot: Toronto, Limited, 344 St. Paul St., W., Montreal. 25c Cuticura Soap shaves without mes.

Use it wherever the recipe calls for milk.

When pure sweet milk is essential

ASSETS OF THE HOME BANK WILL NOT MEET LOSSES

Toronto.—Litigation over the failure of the Home Bank is steadily piling up at Osgoode Hall. The Home Bank Association of Saskatchewan, made up of 150 Home Bank shareholders, have banded themselves together, and will jointly resist the demands of the liquidators for a payment of the double liability. The association has retained a Toronto law firm to fight its claims in the court. On behalf of the 150 residents of Saskatchewan, a statement of defence was filed at Osgoode Hall.

That the assets of the Home Bank of Canada, including the amounts recoverable under the double liability of the shareholders, will fall very far short of the amount necessary to meet the liabilities of the bank, is the opinion of G. T. Clarkson, liquidator, given in an affidavit filed by A. W. Ballantyne, K.C., on a motion before Chas. Garrow, K.C., master of the Supreme Court, in an application for a call upon the shareholders for the amount entered opposite their names on the list of contributors. The purpose of the affidavit is to show the necessity for resorting to the double liability of the shareholders to meet the losses. Losses which it is expected will be incurred in realizing upon loans made by the bank are placed at \$4,400,000, which will more than wipe out the capital and reserves of \$2,595,734, and will, it is expected, leave a deficit of not less than \$1,800,000. In addition, losses which may reach \$700,000 are expected from minor agricultural and commercial loans made at branches.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

Colds Headache
Toothache Lumbago
Neuritis Rheumatism
Neuralgia Pain, Pain

Accept "Bayer Tablets of Aspirin" only. Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Drugists also sell bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocetateester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Railway Accidents

Ottawa.—In 288 accidents reported on Canadian railways during the month of January, 18 persons were killed and 322 persons injured. Two of the persons killed were passengers and seven were employees. Six of the fatalities during the month occurred at railway crossings. Out of 19 crossing accidents, automobiles were involved fourteen times, resulting in four persons being killed and 21 injured.

Joints Ache?

Minard's will ease the pain and stiffness. The old reliable remedy.

W. N. U. 1512

Mobilization Plans Prepared by France

Paris.—The government bill, dealing with measures for "national mobilization" in case of war, was distributed to members of the House of Deputies. Its leading principle is that every French citizen in time of war must participate in the defense of the country and the maintenance of its material and moral life. Among the measures to be adopted, will be a modification of legislation during a time of war, the utilization of all intellectual forces in the interest of national defense and measures necessary to maintain the morale of the people.

The Western Grain Port

Says 50 Per Cent. of Crop Will Go West in Five Years

Montreal.—"In five years 50 per cent. of the grain grown on the prairie provinces will be shipped through the ports of Vancouver and Prince Rupert," stated E. G. Dawson, of Prince Rupert, B.C.

Mr. Dawson is one of the directors of the Canadian National Railways, and is in Montreal on business.

He pointed out that the present freight rates from certain portions of the prairie provinces to the Pacific coast are equal to the rates to the head of the Great Lakes.

At the same time, navigation on the Great Lakes is closed from December 1 to April 1, or four months, whereas the Pacific coast ports are open the year round. This closing of the Great Lakes ports, Mr. Dawson stated, causes a rush period in the movement of grain, and to meet this rush the railway companies have to maintain a large equipment which is more or less idle during the remainder of the year. At the same time, congestion frequently results at the head of the lakes, and, as has been the case this winter, the declaration of an embargo has been necessary to meet the conditions which are bound to come.

Tariff Agreement With Australia

Series of Conferences Between Representatives of Two Countries Are Concluded

Ottawa.—A series of conferences begun in Australia two years ago, aiming at a reciprocal tariff agreement between Canada and Australia, are concluded. The extent to which each government is willing to make concessions in tariff has been made clear and each delegation will submit the results of the conference to its government for approval. The customary secrecy regarding tariff matters has been preserved and nothing will be known as to the nature of the proposals until they are published simultaneously in both countries.

The Australian delegates proper are Senator Wilson, minister of health for the Australian commonwealth, and Major R. McK. Oakley, controller-general of customs for Australia.

Want Act Amended

Edmonton.—Better provision for the payment of succession duties without impairing the values of estates, is desired by the Life Underwriters' Association of Alberta, a delegation from which waited upon the government with a suggested amendment to the present act. The insurance men's suggestion is that life policies earmarked for the purpose of paying death dues shall not be charged with duty.

Gave Life To Aid Crew.

Washington.—Captain Herbert G. Sparrow, of the Cruiser Tacoma, wrecked at Vera Cruz, lost his life while endeavoring to aid men of his crew who had been imperilled with him, in the destruction of the ship's radio house in the great storm that made a complete wreck of the cruiser on January 16. It was stated in a memorandum received at the navy department.

Prepare For World Flight

Victoria, B.C.—In preparation for the round-the-world flight by British aviators, backed by the British Government, the Canadian naval patrol ship, Thetis, soon will establish depots for the fliers along the Pacific coast of Canada and across the Pacific on the Aleutian Islands.

WESTERN EDITORS

Stewart Fullerton, Editor and Publisher of The Times, Big Valley, Alta.

Probe Oil Scandal

President Coolidge Says There Will Be No Fear or Favor Shown

New York.—The United States has the definite promise of President Coolidge that there will be immediate, adequate and unshrinking prosecutions, criminal and civil, in the oil land-leasing disclosures. Speaking here at the National Republican Club's Lincoln anniversary dinner, during his first visit to New York city since he entered the White House, Mr. Coolidge declared he was "intent on the enforcement of our laws without fear or favor, no matter who is hurt or what the consequence."

"In this effort there will be no politics, no partisanship," he asserted, referring to the contemplated oil lease prosecution. "It will be speedy, it will be just. I am a Republican, but I cannot on that account shield anyone because he is a Republican, and I cannot prosecute anyone because he is a Democrat."

Norway Recognizes Russia

Moscow.—Norway has given the Russian Soviet Government recognition de jure, the Foreign Office was informed in a telegram from Madame Alexandra Kollantay, Soviet representative in Norway.

Women's Ailments Caused by Neglect

Proper Treatment Will Quickly Bring Back Robust Health and Good Spirits

Women are on the whole more sickly than men. One reason is that their system is more complicated; another and more important reason is, they put off measures of relief too long. At the beginning, constipation is the cause of nine-tenths of women's ailments. The blood becomes weakened and polluted—the nerves suffer, and a run-down condition takes root.

Because of their mildness of action as a system regulator, no medicine for women can compare with Dr. Hamilton's Pills. The kidneys quickly respond to the remedial action of Dr. Hamilton's Pills, and the result is as you would expect—pain in the back and side, shortness of breath, and bad color disappear—the functions of the body then operate naturally, constipation and pain are prevented, and perfect health returns.

Thousands of happy women say Dr. Hamilton's Pills are the greatest and best blood purifier, the finest complexion renewer, the most certain regulating medicine, known. Sold by all druggists and storekeepers, 25c per box, five for \$1.00 postpaid, from The Catarrhzone Co., Montreal.

Radio For Police

Toronto.—Chief of Police Dickson will ask the Board of Police Commissioners to pass a sum for the purchase of radio equipment, he announced.

Predict General Election For Britain In June

London.—A general election in May or June is possible, according to the Yorkshire Post. The Post is strongly Conservative in its politics, but it is not in the habit of making reckless partisan assertions. The Yorkshire Post says there is a feeling in the lobby of the House of Commons, even among the members of the government, that they must be ready for an election in May or June. On the other hand, the paper continues, the demeanor of the ministers in the House of Commons gave the impression that the administration was determined to sit tight for a year or two.

Distress In Hebrides

London.—The Lord Mayor of London has issued an appeal on behalf of the population of the Hebrides and other Scottish islands, many of whom have been reduced to starvation by the failure of the harvest. It is declared that the population of the Hebrides have for some time been suffering a distress unparalleled for severity in the memory of the present generation.

Still Doing Great Work For Women

What Mrs. Vaillancourt Says of Dodd's Kidney Pills

She had suffered from Rheumatism, Sciatica, Gravel and Backache, and found relief in Dodd's Kidney Pills. Dill Sliding, Ont.—(Special).—One more tribute to the great work Dodd's Kidney Pills are doing for the women of Canada comes from Mrs. Frank Vaillancourt, well known and highly respected here.

"I have suffered for 14 years from a complication of kidney troubles and have never found any remedy that has done me as much good as your Dodd's Kidney Pills have. There was a friend of mine who was feeling very poorly and I told her of the good Dodd's Kidney Pills did for me. She used three boxes and is feeling fine now."

Dodd's Kidney Pills are a kidney remedy. They relieve the work of the heart, by putting the kidneys in shape to strain all the impurities out of the blood. Pure blood carried to all parts of the body means new health all over the body.

Sad Fate Of Mountain Climbers

Find Bodies Of Two Young Men Killed By Falling

Vancouver.—The lifeless body of Arthur Willis, 21, companion of David Spencer, whose dead body was found in a hole on Grouse Mountain, near here, was found by searchers in a gully 300 feet away from where Spencer's body was found. His leg had been broken and head crushed, presumably by a fall of several hundred feet into the gully. Evidently he had gone to aid his friend, Spencer, when the latter had fallen 300 feet into the hole in which his body was found.

Stops Work On Tomb

Luxor.—Owing to what he characterizes as the "discourtesy" of the Egyptian public works department, Howard Carter, head of the excavation work, closed Tutankhamen's tomb and abandoned operations. It is understood the crisis was precipitated by the refusal of the Egyptian Government to permit the wives of the excavators to visit the tomb.

Toronto's Population

Toronto.—Greater Toronto has a population of 709,099, Toronto proper has a population of 634,225, and Toronto suburbs have a population of 71,874, according to this year's new city directory.

NEW POLICIES OF BRITISH PREMIER ARE CRITICIZED

London.—Premier Macdonald's remedies for dealing with the evils in Europe and the problems of his own country were searchingly analyzed in the House of Commons by former Premiers Baldwin and Asquith and other members of the opposition. Most of the criticism was directed against his policy in recognizing Russia before the Soviet gave any pledges concerning fulfillment of obligations to the British Government, corporations or individuals.

Mr. Baldwin declared that Italy had not accorded recognition to Russia until she had secured valuable concessions and privileges from Moscow.

The prime minister was also taken to task for failure to present details of the proposed solutions of such vital questions as unemployment, public economy, the safeguarding of industries act and housing, as well as strengthening the army, navy and air forces. His handling of the Poplar issue, whereby the minister of health gave latitude in the distribution of unemployment relief, was vigorously assailed by Mr. Asquith, who, however, in other respects exhibited an extremely lenient, almost paternal, attitude towards the new premier.

Mr. Baldwin, who opened the attack on his successor in office, said that Premier MacDonald's policy of "sweet reasonableness" in dealing with Europe might be carried to excess without reaping any of the rewards which were its due. He chided Mr. MacDonald for failing to give the late government credit in concluding the liquor treaty with the United States and the Tangier agreement. The present cabinet, he said, was pursuing the policy in Europe which had been followed by the former government for 12 months. He declared that Mr. MacDonald would find his policy towards Russia impossible of fulfillment, arguing that Germany, which knew Russia better than any other country, had been unable to achieve any substantial business success there, although it had been granted the widest concessions.

Commences Farm Work

Warm Weather in Alberta Enables Farmer to Start Ploughing

Calgary.—Alberta, the land of snow and ice, of the dog sled and Arctic cold, is in danger of losing its reputation this year. A few days ago press dispatches carried the information that work on the land was progressing at Taber in this province.

W. C. Spare, who has been farming in the vicinity of Calgary for the last thirteen years, started teams working on his land disking fall plowing. "Of course, this work could be done on stubble land but fall plowing works good," declared Mr. Spare, whose farm is located near Chestermere Lake.

Will Require Licenses

Winnipeg.—Transient traders in daily and weekly newspapers, farm and trade publications, magazines published in Canada or books approved by a public library board, will be required to take out a license costing \$5 if they desire to continue doing business in Manitoba, according to an amendment adopted by the law amendments committee of the legislature.

AGE TEACHES FAITH IN PRAYER

Men Should Gain Increasing Contact
With the Omnipotent, as They Grow
Older, Just as They Gain in
Worldly Experience

Prayer—the supplication of the
higher man to the Omnipotent—is a
progressive habit, according to Dr.
T. L. Glover, of Cambridge, who has
written a striking and fascinating
article on the subject for the Daily
News (London). Dr. Glover's con-
ception is that as a man grows older
and gains wisdom and understand-
ing his method of prayer, like his
methods in his business or his pro-
fession, should develop to higher
forms. On the other hand: "That
men grow skeptical in middle life is
a frequent observation. It is not
unusual; they forget their Latin,
too, and they grow inefficient at
football. . . . It is the same with the
things of the mind; if you do not
work at them you lose them—Latin,
the stock market, religion."

Prayer, says Dr. Glover, in the
last resort, depends on our concep-
tion of God; and in all His teachings,
Jesus connected them. This is the
Doctor's definition of prayer as it
should come from a mature man.
It will no doubt surprise many with
its unusual frankness and the ab-
sence of anything in the nature of
cant:—

"To come to particulars, let us
take the subject of prayer. If at 50
you are still repeating the forms of
prayer that your mother taught you
when you were five you probably
do not much believe in prayer. (I
can understand that from time to
time you should repeat them for the
sake of old affection, knowing what
you do. Jesus in the strange verse
which the famous manuscript at
Cambridge preserves in St. Luke—
distinguishes between knowing what
you are about and not knowing;
the same act will be right if you
know and wrong if you don't, he
said.)

"But, to get at the main issue, if
you think all around like a child of
five, you are probably in an asylum
at 50. But you don't. In literature
you read other things than the nur-
sery rhyme book—though you may
still have a friendly feeling for it;
in amusements you have a maturer
taste; in jokes you are a little fur-
ther from primeval man; in all that
bears on science you try to keep
abreast of the best known—or at
least realize that men of science
are not what they were in '890 in
all subjects.

"As to prayer, have your ideas
shown any development? Or do
you think as a child on your knees?
Let us remind ourselves that as
children we often did not think at
all on our knees, and, further, that
receiving the Kingdom of Heaven

as a little child' was scarcely in-
tended by Jesus as a synonym for
intellectual atrophy.

"As we grow older, how do we
think of prayer? A great many
people think of prayer as sheer
petition, an imposition of human
longing upon omniscience, an ig-
norant and impudent thing. Pet-
ition in prayer is surely right—ask
for anything you like, but remember
that Jesus told you to add: "Thy
will be done"; and that implies
thinking about God's will, and its
sources in God's mind and God's

THE PAPER THAT TALKS

FROM THE HEART OF A LITTLE GIRL

Daddy, if you know we're hungry,
Know that we are very poor,
It must break your heart in Heaven
'Cause you never did insure.
Mamma wonders why you didn't
Save the dimes you throw away,
But you felt too strong and healthy
For insurance people say.

You were taken without warning,
Leaving us to fight alone;
You'd have taken out insurance,
Daddy, if you'd only known.
Twasn't that you didn't love us;
I recall how dear you were,
But your little girl must suffer
'Cause you failed to save for her.

Mamma just can't make the living,
She is wearing out, she said
I shall have to miss some schooling
For the sake of daily bread,
When she's gone, I guess they'll take
me

To a place of charity
To be clothed and fed; but, Daddy,
It can never be home to me.

Mary's Daddy left insurance,
And their home will still be theirs;
They're not hungry. Sometimes Mary
Gives me cast-off clothes she wears.
They don't have to take in sewing,
Mary's mamma doesn't cry,
For her daddy left insurance,
But you didn't, Daddy—Why?

Annie Denman.

Here and There

A dispatch from London, England, states that the Sudan Government, through Capt. E. C. Midwinter, general manager of railways and steamers, Sudan, Africa, has accepted a tender from a British Columbia firm for 150,000 railway ties of Douglas fir. The contract expressly stipulates that the railway ties shall be of Canadian origin.

British Columbia's shipment of water-borne lumber to overseas markets totalled 521,707,132 board feet last year, against 273,146,800 in 1922, an increase of 91 per cent. This announcement was recently made by the provincial minister of lands and it is a remarkable index of the rapid expansion of the lumber industry in British Columbia.

Under a scheme inaugurated by the Provincial Government it is announced that British Columbia will advance loans up to \$300 a family to settlers from the Hebrides, on condition that the British Government advance a like amount. In view of the present depression in the islands, it is expected that the British Government will co-operate.

Keen interest in all Canadian manufactures and especially in mineral products, wood pulp, textiles, leather and rubber goods, heavy machinery and farm machinery is now manifested by France and Belgium, according to H. E. Tessier of Montreal, who recently accompanied an exhibit of these manufactures on a tour through every important city in these countries. Mr. Tessier believes that the tour will bring great practical benefit to Canada as soon as French currency becomes more stable.

The exterior of the great Canadian pavilion at Wembley has now been completed, and the interior decorators are busily finishing the building, according to H. E. Tessier, who has just returned to Canada aboard the Canadian Pacific liner Montclare. The exhibits are being rapidly assembled and everything points to Canada's display being ready in time for the opening of the British Empire Exhibition.

That Canada's culture has nothing to fear from the promised flow of immigration from continental Europe was the message recently delivered by J. Murray Gibbon, Canadian author and litterateur, in an address on "Canadian Literature and the Foreign-born" given in Montreal recently. Of all the Scandinavian races contributing to the Canadian population, Mr. Gibbon considers the Icelanders to have the highest literary mentality.

More than 13,000,000 bushels of grain have been received at the Government elevator at Vancouver, B.C., from Canadian Pacific Railway cars since the opening of the crop year, according to a report issued by railway officials. Exported from Vancouver in the same period there have been 20,416,534 bushels, comprising 15,488,348 bushels to the United Kingdom, 4,030,105 to the Orient and 338,183 bushels to South America.

AGE TEACHES FAITH IN PRAYER

Continued from page 4

nature while you pray.

"If you get your mind to work in this way, by and by (if you are of the school of Jesus) you may seem to see God looking at you with a smile and saying: 'Is that what you really want?' and you look in His face and say, suddenly smiling back: 'No! I don't!' Then what do you really want?" and you and God work it out between you.

"J. R. Illingworth was right when he called prayer a unique school of sincerity. Very often prayer becomes a concentration on the names of one or two people whom you love—with a minimum of word or petition, and the maximum of intensity in keeping their names between God and you. When Jesus told Peter 'I have prayed for thee; what was behind it?' Surely, nights spent alone on the mountainside, while, with His eyes fixed upon God, His heart was full of Simon Peter; and, if He said anything at all, it was, 'Thy will be done.' Prayer is simpler than we think, and harder; and, if we think at all and feel for men and causes, it is inevitable.

"Abraham Lincoln is reported to have said that he went to his knees because he had nowhere else to go. It was not the abdication of intellect, but the surest way to reach a clearer air and learn his duty—the part that God and man needed him to play. Great men are clearer and simpler than the rest of us.

"A man's conception of God should be profounder than a child's; that is not to say that it won't be simpler; it must be more intense, and it must recognize his own personal experience and environment. It must include his wife and his children, his partner and his employees, and flowers and stars, and right and wrong, and prayer and work. My sentence gets long; let us cut it short. Then, remembering that we are talking experience and not dogma, may we not say that a grown man's conception of God must be a good deal more like 'Christ—deep broad and real.'—McLean's Magazine.

Lunch at noon. Sale at 1 o'clock sharp.

Terms Cash.
Mrs. E. H. Smith, Owner.
Paton and Kendrick, Auctioneers.
T. Thompson, Clerk.

Egg Men Hold Good Meeting

The meeting held in the Opera House last Thursday to discuss the egg business was well attended and the address given by the representative from the Poultry Branch of the Department of Agriculture was instructive and listened to with great attention.

It was decided that the regulations should be carried out and also that all eggs should be taken to one centre for sale and distribution, the merchants at an after meeting deciding that they would agree to this as it would save them a lot of trouble.

A committee composed of Messrs. G. W. Gibbs, A. A. Revell and S. Patterson was appointed to make all arrangements.

BURNSIDE

Mr. and Mrs. Wm. McCulloch spent Sunday afternoon at Frank Reek's.

There was a surprise party at Mr. Fred Boulton's on Friday evening attended by most of the neighbors. It was a real old time dance and everybody had a rattling good time.

Don't forget the lantern slides and box social in Jutland school on Friday evening March 21st in aid of the U. F. A. A good program is being prepared and everybody is welcome.

The proposed new hall is the chief topic of conversation these days.

The Intermediate baseball team held a meeting in Jutland school on Saturday last and organized for 1924. Captain, Jas. McCulloch. Treas., Robert Spragge.

BERGEN---NITCHE VALLEY

Miss Wolf is attending the M. B. Conference held in Didsbury this week.

Ned Plant who came near getting seriously injured at Rube McNair's sale is in good health at present.

Mr. Clare Post who left here last year is expected back soon as Ellis brothers are returning to Huxley and the place is vacant.

Mr. W. H. McCormick has home-stended the N. E. 26-31-6 W. 5, known as Harvey Rhoad's homestead.

Rumor has it that Mrs. Lorenza Johansson is now Mrs. Victor Granham of Sundre. We congratulate Victor and wish joy to Mrs. Granham. Eldswold loses a teacher and Victor gains a wife.

The sawmill that was starting here is only a rumor. Several have put logs at the mill, and unless another mill comes in they will remain as they are. We have had enough of unreliable mill men in these parts.

Rev. Jennings of Bergen has been visiting his daughter Mrs. Cornford of Seattle, Wash., and is expected home soon.

A new school district is being formed north of Bergen.

Mr. J. T. Johansson is preparing for a trip into Washington and Oregon to visit his son and other relatives.

CHAPTER TWENTY-THREE

Murray insisted that I should not recall my promise to visit Maudie for Thanksgiving.

"It will cost very little," he said, "and you have not had a day off since I came home—it will do you a world of good."

"Neither have you had a holiday," I pointed out.

Whereupon Murray declared that every day was a holiday to him and that he could not go to Winnipeg, if he were provided with a private car for the journey and a suite at the Fort Garry, I hope he may be forgiven!

It ended, as it usually does, in Murray having his own way, but I stipulated that in return he should accept Jack Mowbray's invitation to go moose hunting with him when the season opened.

I would not admit it, but I agreed with Murray that the change would do me good—and perhaps make me a better companion for the long winter that I had come to dread. I hate to confess it, even now when it is a thing of the past, but through the lovely fall days I carried a heavy heart. I suppose I was, in my parlance, fed up. My old homesickness had returned and between it and the way in which my conscience kept pointing out to me that I was a failure as a wife I was wretched indeed—underneath, that is.

PUTS HEALTH AND VIM INTO WOMEN

So Says Mrs. MacPherson of Lydia E. Pinkham's Vegetable Compound

Brantford, Ontario.—"I was always tired and the least exertion would put me out for a day or two. I had a pressing pain on the top of my head, pain in the nape of my neck, and when I stooped over I could not get up without help, because of pain in my back. I did not sleep well and was nervous at the least noise. I keep house, but I was such a wreck that I could not sweep the floor nor wash the dishes without lying down afterwards. A friend living near me told me what Lydia E. Pinkham's Vegetable Compound had done for her so I began to take it. With the first bottle I felt brighter and got so I could wash dishes and sweep without having to lie down. Later I became regular again in my monthly terms. I have taken ten bottles all told and am now all better. I can truly say that your wonderful medicine cannot be beaten for putting health and vim into a woman."—Mrs. JAMES H. MACPHERSON, 309 Greenwich St., Brantford, Ont.

If you are suffering from a displacement, irregularities, backache, or any other form of female weakness write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women."

W. N. U. 1512

I flatter myself that the surface was fairly serene.

Nothing hurt so much as the knowledge that I was not fully in accord with Murray. I did like Herrington's Hope, and so long as I could look forward to something different I really enjoyed our daily life. But, to make a clean breast of it, I did not feel that I wanted to stay there all my life, especially if crop failures were to be common. Murray, on the other hand, had quite obviously found his vocation, a vocation that he would have given up without complaint at my request, but how could I ask him to go back to the city when he was so well and so much his old self that our bad luck had after the first shock stimulated rather than depressed him? Always at the bottom of my heart, side by side with the faint but insistent longing for my old environment, lay the memory of those terrible months when I did not know whether Murray would ever be well again. And though he is so strong now I do not think I shall ever lose the scars left by the old fear.

All this is very mixed and inconsistent, I know. It does not seem reasonable that I should have known definitely that I would never ask Murray to leave the farm, that I should have liked the life there, have grown so fond of our neighbors, and still have known the cravings for the city, but such was the case. I scolded myself for a whole week before I went to Maudie's. "If you had to make a decision, Margaret Anne, you know what you would do. Then why make such a fuss?" I would say to myself. But self-administered scoldings are not nearly so effective, I have learned, as treatment by someone else, and I can see now that Murray's prescription was what saved me—saved not my life but that far more valuable thing, my self-respect.

The children were greatly excited by the prospect of my absence, and my heart almost failed me at the thought of leaving them. I had never been away from them in their lives except when I was with Mrs. Fenwick, and then I saw them often. A week seemed, in prospect, an eternity. My preparations were soon made, and more than once I felt thankful that I had always been the tailor-made sort of person, my simple and conservatively-cut clothes did not show their age and I had no fear that Maudie would need to feel apologetic on my account. Murray, man-like, felt badly that I could not have a complete new outfit, but when he saw the transformation Gwen had worked on my old black lace dress he said so many nice things that I almost wrote to Maudie that I could not come—my improvement dated from that moment, I think!

As our train pulled into the Union Station the morning of my arrival in Winnipeg it seemed to me that only half of me answered Maudie's affectionate greeting. The other half was at home with Murray and the twins. To one half the sights and sounds of the city were as familiar as if I had missed them but a day instead of more than a year, to the other all was confusion. I was really ashamed of myself, here I was where I had wished to be, and now I was wishing to be somewhere else.

"You are as unreasonable as Gwen," I told myself severely. "I give you just one week to pull yourself together."

"Glad to be back?" asked Maudie as we turned down Broadway.

"Rather!" I replied valiantly. "If only Murray and the children were here too," Maudie teased and my spirits rose unaccountably. Perhaps I wasn't a case for the Psychopathic Ward after all, I thought.

"My feelings are rather mixed," I admitted, just a little sorry to see that Maudie was able to understand me, for it showed how far she had come from the carefree girl I used to know.

"Don't worry about that," was the

comforting reply. "You have carried a heavy load for the last few years, Margaret Anne, and it is no wonder that you are a bit unstrung. We are going to have one thoroughly giddy week and you'll go back to Murray completely renovated, just see if you don't. And now how are the kiddies, my best-beloved Nicolas in particular? I do wish you could have brought them with you."

"I am not going to the office except in the mornings while you are here," continued Maudie after I had delivered all sorts of messages from the children and told of their latest escapades and clevernesses. "Every afternoon we are going somewhere or having company, and every evening too. You'll never get to bed early, so you must not think of getting up in the morning before ten o'clock—oh, don't look so scandalized, Mother and I have it all planned. This is a holiday, Mrs. Aylwin, don't forget that."

It was a holiday, there was no doubt about that. Mr. and Mrs. Jones welcomed me as if I had been a long-lost daughter and presented me, figuratively speaking, with the house and all its contents. The first night B.F. came over for dinner and I was so glad to see the old dear that I almost wept over him. He was a trifle plumper and a trifle more old-maidish than when I went away, but as kind as ever, and so glad, bless his good heart, to hear how greatly Murray had improved.

That was the one night during my visit that Maudie and I were in bed before twelve. And at that we talked half the night, for I shared Maudie's room as I used to do when we were allowed to spend the night together as children.

Maudie had warned me on our way home from the station that all the time I might claim for myself was an hour a day in which to write to my family. She would see to the filling of the rest. And, like the little red hen, she did.

The first afternoon we went out to Deer Lodge to see Leslie Ormond, then came back and had a cup of tea with the Robertsons. The next day, Sunday, we went to church in the morning, and in the afternoon, while Maudie went to the hospital, B.F. took Teddy and me down to Kildonan Cemetery, where Mother and Father were buried. Jessie Middleton and Kathleen Manners, who had come home from overseas after I left the city, came for dinner and instead of going to church again in the evening they

BLUE RIBBON TEA

By an overwhelming majority the people of Western Canada have decided that Blue Ribbon "Mountain Grown" Tea is the best. Ask for it.

and Maudie and I sat in front of the fire and talked and talked and talked. Monday, Thanksgiving Day, we went to church in the morning, had the family dinner at noon, ran over to see the Robertsons again during the afternoon and then went to the Walker in the evening.

There is a fair sample of the way in which my time was spent. Teas and luncheons and dinners kept me as busy as a debutante, busier socially than I had ever been in my young days. And I enjoyed it all. I enjoyed too the morning I spent with Maudie, the visit to our old office, and the almost daily "dropping in" for a chat with the Robertsons.

There were many changes. The Robertsons were falling very quickly, Granny especially. They were living in their old quiet way, a widowed daughter having come to keep house for them, and were serene and benediction in one to this scurrying, worrying age. Like tired, happy children they were ready to rest, caring little how or when it came so long as they might be together. I found them living much in the past, Granny, I know, confused Nicolas and me, and she often spoke to me as if I were Mother.

Even the young people had changed. Reg Jones had grown into a steady, rather quiet young man, hobbling back and forth to the Medical College on an artificial leg that could never

be made to fit quite satisfactorily. In the office I found the older men aged more than time alone would account for, and many of the girls were married, their places having been taken in most cases by men who I did not know. And each person I met seemed to carry a burden—even the Middleton girls and Kathleen Manners were restless and dissatisfied, hating private nursing, and full of wild plans to go to China or Australia or some other green field where, they heard, it wasn't so deadly dull as in Canada.

I was learning my lesson and I felt that the days could not pass quickly enough to take me back to Herrington's Hope so that I might tell Murray how much I had to be thankful for. I thought I knew what hardship was, but even the poorest people I knew in the country had food and shelter, plain though both might be. And in Winnipeg men walked the streets looking for work when there was no work to be found, and there was a scarcely-hidden undercurrent of fear and distrust very different from anything I had ever seen before, the best possible material for agitators to work upon.

(To be continued)

The difference between a planet and a star is this: A star shines by its own light, a planet by light reflected by another body.

The Healthful Walk

WHAT is more pleasant and exhilarating than a brisk walk in the crisp, fresh air.

You breathe deeply. The blood is purified. The circulation is quickened. The bloom comes to the cheeks and you feel fine.

The vital organs are put in fine condition by walking and many ailments can be relieved mainly because the liver action is aroused.

And yet we do not walk. It is so much easier to ride in an auto or street car that walking is becoming a lost art.

Since we do not take the necessary exercise to keep the liver active and the bowels regular it becomes necessary to resort to other means.

The most popular family regulator is Dr. Chase's Kidney-Liver Pills, for by use of this medicine once or twice a week

you can be sure of the healthful action of liver, kidneys and bowels.

Our greatest danger in this age of sedentary habits is from overeating and neglecting to pay attention to the regularity of these eliminating organs.

Most of our ills come from this condition. For proof of this statement you need only enquire at the hospitals where there is always a rush of appendicitis and liver and kidney cases after the holiday season and during the winter months when we use so much artificial food and live cooped up in houses from which fresh air is carefully excluded.

You will notice that while the price of Dr. Chase's Kidney-Liver Pills has been increased to 35 cents, the box now contains 35 pills instead of 25 as formerly.

Likewise Dr. Chase's Nerve Food is 60 cents a box of 60 pills, instead of 50 cents a box for 50 pills. Edmondson, Bates & Co., Ltd., Toronto.

PRODUCT OF CANADA

WORLD HAPPENINGS BRIEFLY TOLD

On the occasion of the anniversary of his coronation the Pope has donated \$500,000 lire to Austrian relief, according to the newspaper Epoca.

The Polish diet has passed a bill providing two years' military service which is reduced to 18 months for graduates of high schools and university men.

Lieut. Antonio Vildex and Sergt. San Emedero, of the Cuban aviation corps, fell about 1,500 feet with their aeroplane at Camp Columbia, and escaped death.

The difficulty of obtaining an adequate supply of officers for the British army is declared increasing. Reduction of pay to be effected this year and reaction after the war are two reasons assigned for the situation.

The British Postmaster-General, Vernon Hartshorn, has appointed a committee to consider and advise him without delay on the policy to be adopted with regard to an empire wireless service.

Reports that a rupture has occurred or is imminent, between the former Emperor Wilhelm and the Princess Hermine, his wife, has no foundation, according to the best information from Doorn.

MRS. FRANCIS STONE

Your Good Health and Long Life Depend on Your Kidneys

FOLLOW THIS ADVICE!

Brantford, Ont.—"I take the greatest pleasure in recommending Dr. Pierce's Anuric (kidney) Tablets to all sufferers of kidney and bladder ailments. Four years ago I first learned the value of the Anuric Tablets. I had suffered severely with backaches and my bladder was giving me considerable inconvenience, when I was advised to try Dr. Pierce's Anuric Tablets, obtaining almost immediate relief. Relatives have taken the Anuric (anti-uric-acid) Tablets on my advice and every one of them is enthusiastic in praising Anuric for the relief of backaches and kidney and bladder weakness."—Mrs. Francis Stone, 49 Grey Street.

Don't wait for serious kidney ailment to set in. Help your weakened kidneys with Dr. Pierce's Anuric. At all drug stores, or send 10 cents to Doctor Pierce's Laboratory in Bridgeburg, Ont., for trial package. Write Dr. Pierce, President of the Invalids Hotel, Buffalo, N. Y., for free medical advice.

W. N. U. 1512

SUNDAY SCHOOL LESSON

FEBRUARY 24

THE PERIOD OF THE JUDGES

Golden Text.—I will heal their backsliding, I will love them freely. Hosea 14:4.
Lesson.—Judges, Chapter 2 to 16.
Devotional Reading.—Psalm 32:1-7.

The Text Explained and Illumined

I. A Summary of the Times of the Judges, Judges 2:16-18. The people of Israel served Jehovah all the days of Joshua, but when he died, they did that which was evil in the sight of Jehovah and served the Baalim; they forsook Jehovah and followed other gods, the gods of the people round about them. God's anger was kindled against them, and he delivered them into the hands of their enemies. They were distressed and groaned under their affliction, and then Jehovah in his pity raised them up a judge and saved them from their enemies. But when the judge died the people returned to their idolatry. Verse 17, which tells how the people in the times of the judges worshipped other gods, is an interruption to the thought of verses 16 and 18, and may have been added by some later editor.

II. The Reduction of Gideon's Army, 7:2-8. See The Historical Background.

The army of the Israelites was large, and if they succeeded in conquering their enemy, the Midianites, they might brag of having done this themselves, whereas they were fighting under God's banner and to Him would belong the victory.

"Who won the war?" said a man of God.
To a soldier from overseas;
"Was it France or England or Italy Or America? Tell me, please.
Who put the Kaiser to flight, do you think,
And silenced the German guns?
Was it Foch or Haig or Pershing brave
Who beat the cruel Hun?"

The soldier looked in the good man's face,
And his eyes with a strange light gleamed;
The moment came and went apace
While his mind with strange thoughts teemed.

Then, proudly lifting his manly head,
He answered—the good man thus:
"The glory belongs to God," he said,
"And not to any of us."

—Nellie D. Morgan

Sour Stomach Risings Quickly Relieved

The wonderful comfort and relief you get from even twenty drops of Nerviline will surprise you. Take it in sweetened water; it's not unpleasant. Almost immediately you feel better. Nerviline brings up the gas caused by fermenting food, and at the same time relieves that distressed feeling in the stomach. When colic or cramps strike you at night, when nausea or upset stomach overcome you, then it is that you'll find Nerviline a sure relief. For general use in the family, for emergent ills, always keep Nerviline handy on the shelf. Get a 35c bottle to-day.

Will Supply Farm Help

Farmers Can Secure Application Forms From Nearest C.P.R. Agent

Bringing of farm help to Western Canada from Europe, inaugurated under a special scheme by the Canadian Pacific Railway last year, will be continued this year, it is announced by officials of the company.

During 1923 about 3,000 men and women for farm help were brought out, but many more than this number are expected this season. The first of these will arrive about March 31st, coming from Great Britain, Denmark, Switzerland and other parts of Europe.

Application forms are being supplied to all farmers who need help by the nearest C.P.R. agent or the Colonization Department at Calgary, Edmonton, Saskatoon, Winnipeg or Montreal. The forms are filled out by the farmer, in which he states the class of labor, nationality he wishes and the rate of wages he is prepared to pay. These forms are then forwarded to Europe and the farm help selected by a competent organization and the laborer is sent forward to the individual farmer. Farmers who require help would facilitate this work by writing applications at an early date so the proper class can be selected and ample time given to this work.

Will Remember Wilson

A declaration that "the wage earners of America will forever cherish the memory of Woodrow Wilson" was adopted at a meeting at the American Federation of Labor of 100 trade union officials and representatives as well as of spokesmen for the Pan American Federation of Labor.

Minard's Liniment Heals Cuts

Grading Of Bacon

Time Not Opportune to Set Up Canadian Standards

Improvement of Canadian swine stock, by selection in the Dominion, rather than by importation of animals from abroad and the securing of greater uniformity in exhibition judging, was advocated by the directors at the annual meeting of the Canadian Swine Breeders' Association held in Toronto. J. E. Brothour, president, in his annual address, said that the past year had been unprofitable for swine breeders owing to poor marketing conditions in Europe, but there were indications that price would advance in the very near future.

The question of the Dominion Government establishing a standard for the grading of bacon was strongly defended by the delegates from Alberta and Saskatchewan. Action was deferred pending a report by the Federal Department of Agriculture. H. S. Arkell, livestock commissioner for Canada, stated that the department has been studying the question and had ascertained from the Old Country facts with respect to the sale of Canadian bacon overseas. He did not believe the time was opportune to attempt to introduce in Canada a definite system for the grading of bacon.

Women! Dye Faded Things New Again

Dye or Tint any Worn, Shabby Garment or Drapery

Diamond Dyes

Each 15-cent package of "Diamond Dyes" contains directions so simple that any woman can dye or tint any old, worn, faded thing new, even if she has never dyed before. Choose any color at drug store.

Gets Egyptian Treasures

Pennsylvania Museum Receives Shipload From Its Expedition
The steamer Crisfield docked recently at Philadelphia laden with eighty-five tons of ancient relics from Egypt and Palestine unearthed by expeditions of the University of Pennsylvania.

Some of the articles in the consignment weighed five tons each, notably the doorway and columns from the Palace of Pharaoh Menepthah, at Memphis, Egypt. A number of complete mosaic floors are part of the Egyptian collection.

From ruins in Palestine numerous historical monuments are in the consignment together with notable examples of sculpture of the period.

STORMY WEATHER HARD ON BABY

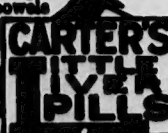

The stormy, blustery weather which we have during February and March is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to overheated, badly ventilated rooms and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep its stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

From the hide of a single whale two hundred pairs of heavy boots, over a score of shoes, several yards of belting and shoe laces were made recently.

Quickly Relieves Constipation

Don't let constipation poison your blood and curtail your energy.

If your liver and bowels don't work properly take CARTER'S LITTLE LIVER PILLS today and your trouble will be relieved. For indigestion, lack of appetite, headache and blotchy skin try them. Purely vegetable. Small Pill—Small Dose—Small Price.

BIG BEN CHEWING TOBACCO

Movement Across Border

Expect Big Influx of U.S. Farmers in Spring

Handling of thousands of United States farmer settlers expected to move to Canadian prairie lands this spring was the principal subject discussed at a conference of land and colonization officials of the Canadian National Railways, from Winnipeg west to the Pacific coast.

Indications are, it was declared, that the movement across the border into Canada this year will be greater than it has been in some time.

If Tormented With Corns Use Good Old "Putnam's"

It's really a simple thing to remove your corns, and without pain, if you apply Putnam's Painless Corn Extractor. It acts like magic, lifts out the corn, root and branch, leaves the skin smooth as silk. No failure with "Putnam's," 25c everywhere.

One of the most expensive books in the world is in the possession of the Shah of Persia, a gift from the Amir of Afghanistan. It is a copy of the Koran, bound in solid gold and set with pearls, rubies and diamonds. It cost \$400,000.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Edison Feels Young

Declaring that he felt no older than 40, "though a little more awkward perhaps," Thomas A. Edison, the famous inventor, told members of the Edison Pioneer Association, veterans of his service, that he hoped to live until he was 100. Recently he celebrated his 78th birthday, and attended a dinner given by the association. "Work which one loves is the best form of amusement and diversion," Mr. Edison told his hosts.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparations that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

The British Empire Exhibition

Canadian Pacific Railway Can Supply Full Information Re Booking Passages

The coming summer will see an unprecedented travel to the British Isles from the Overseas Dominions, for the British Empire Exhibition which opens in Wembley Park, April next, and those intending to make the trip should make early arrangements with the nearest agent of the Canadian Pacific Railway for their passages, in order to secure the desired accommodation.

The Canadian Pacific offer an excellent through service and will arrange every detail for train and steamer. A postal card or letter to any agent or to R. G. McNeillie, General Passenger Agent, Winnipeg, today will bring full information by return mail.

Minard's Liniment for Dandruff

On Half Salary

Premier MacDonald has decided to take a single salary of only £5,000, although filling the dual offices of first lord of the treasury and foreign secretary, which carry a salary of £5,000 each.

The Many-Purpose Oil.—Both in the house and stable there are scores of uses for Dr. Thomas' Electric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps as afflict mankind, and are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

Spectacle Styles

"Spectacle Styles for Women!" is the slogan of a new association formed, its object being the education of women to suiting the spectacles to the occasion. "Rubber-tired glasses with an evening toilet!" they cry. "Perish the thought!"

MONEY ORDERS

Buy your out-of-town supplies with Dominion Express Money Orders.

Rheumatic Pains

Are relieved in a few days by taking 30 drops of Mother Seigel's Syrup after meals and on retiring. It dissolves the lime and acid accumulation in the muscles and joints so these deposits can be expelled, thus relieving pain and soreness. Seigel's Syrup, also known as "Extract of Roots," contains no dope nor other strong drugs to kill or mask the pain of rheumatism or lumbago; it removes the cause. Ask Your Druggist

Cook's Cotton Root Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, 2, 3. No. 2, 50c; No. 3, 75c per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Webster.)

**THERE IS A TIME
FOR EVERYTHING**

THE time to have your HARNESS REPAIR-
ED and OILED is RIGHT NOW, not when
you are ready to hitch up for work in the field.

I have everything in shape to fix you up for a
good start. My repair shop is complete in every
way with the best of machinery, materials and
workmanship READY FOR YOUR SERVICE.

I make a specialty of oiling harness. Each and
every harness is taken apart and thoroughly scrub-
bed with brush, soap and water to remove all sweat
and dirt before being soaked in the oil tank. Every
loop and part of the harness gets its share of the
oil, a thing impossible to do by hand oiling.

My charges for this thorough work are very
moderate:

Team harness \$3.00 per set

Plough harness, without breeching, \$2.50

Democrat harness \$2.50

Buggy harness \$1.50.

If harness is clean I can oil them from \$1.00 up.

If you do your own repair work I can furnish
you with HARNESS LEATHER, either cut stock
or by the side; also HARNESS HARDWARE,
thread, wax, etc.

W. J. HILLYARD,

Dealer in Harness and Harness Supplies

DIDSBURY, ALBERTA

AROUND THE TOWN

Mr. Cecil Studer was home from
Calgary over Sunday.

Messrs. C. H. Adshead and Geo.
Lunt were visitors in Calgary on
Monday.

Mrs. Leona Weber from Calgary
spent the week end with Miss Dor-
othy Orde.

Mrs. Marie Cameron of Calgary
was the guest of Miss Evelyn Lica-
mer over the week end.

Mr. David R. Scott, of Vancouver,
is visiting with Messrs. Wm. and
Harold Brennan.

Adshead's garage report the sale
of a new Gray-Dort to Mr. Robert-
son and a new Chevrolet coupe to
Mr. McDougall this spring.

Measles seem to be on the in-
crease in town. There are 42 child-
ren absent from the schools from
this cause.

Mr. Ira Gamble and son William
were visitors in town on Tuesday
and took out some flour from the
Rosebud Flour Mills.

Little snow flurries are giving
lots of moisture which is sinking
in on account of the absence of very
much frost in the ground. Although
there have been very few heavy
winds March is true to its usual
characteristics.

Evangelistic services will be held
in the Rosebud schoolhouse nightly,
except Saturday, commencing at 8
o'clock on week nights and 7.30 on
Sundays. Mr. David R. Scott will
conduct these services and extends
a cordial invitation to all.

The many friends of Mr. Alex.
Campbell will be sorry to learn that
he suffered an accident on Tuesday
night when some acid flew into one
of his eyes. Dr. Clarke attended to
him but it is not known yet whether
he will lose the sight of this eye or
not yet.

Several members of King-Hiram
Lodge A. F. and A. M. journeyed to
Onda last Thursday night to visit the
Old lodge. A splendid time was re-
ported, the Onda lodge entertaining
their visitors to a fine spread after
the business had been completed.

Mr. W. C. Liphardt, a Calgary
jeweler has opened up a store in the
former Nixon stand. Mr. Liphardt
has had twenty years experience in
the business and so should be re-
liable. It will be a great advantage
to have a jeweler in town and save
sending away for repairing etc.,
with a necessarily added cost.

A meeting of representatives from
each School District will be held
in Fischer and Edwards office on
east side of the track on Saturday
evening, March 22nd, at 7.30. Each
district is requested to be sure and
have their representative on hand
as new officers will be elected for
for the year. The question of seeds
and date of fair for 1924 will also
be discussed.

Death claimed another old timer
of the Didsbury district on Friday
last when the grim reaper called for
Mr. Swan Hollquist at the age of
73 years. Mr. Hollquist was a well
known resident of the Westcott dis-
trict. He had been in poor health
for some months. The funeral took
place on Sunday, a large number of
people attending, and interment took
place in the Westcott cemetery.

IMPOUNDED

On the premises of Thos. McRae,
the S. W. 1/4 18-32-5, W. 5: One

We are still grading butter with fair
success, but we draw the line at
grading eggs. We have no desire of
being a party in an egg battle, for eggs
are not all fresh--you have our sym-
pathy Cliff, we would suggest that you
have a pail handy for a helmet.

WE HAVE A FULL LINE OF

**Bulk and Package Seeds
on Hand**

The seeds we have procured are grown
